A l'attention de madame Anne-Lyne Boutin

Projet de ligne a 315 kv
Grand-Brule – Vignan
Par Hydro-Quebec

Dear Madame Boutin;

I am a property owner in the united counties of Mulgrave and Derry and my home is located approximately five kilometres north of Lac La Blanche on Smallian Road.

I am opposed to the Lac La Blanche route for the Grand-Brule – Vignan power line.

The northern most route, through Labelle-Papineau Park would place the line away from private residential homes and onto provincially owned uninhabited parkland. The impact of the line on the environment and wildlife would be the same whichever route is used, however, the residents along the Lac La Blanche route would have their environment altered forever.

A copy of this correspondence has also been mailed.

Thank-you for your consideration,

B. R. Smallian
