

LNG Sucks

by Maia Day And John Nathaniel Gertler

LNG, LNG, LNG sucks,
They'll tell you it's green
But it's clearly not
Leaking, and seeping
Not so much fun,
Tell all the fish in the Fjord to run!

LNG, LNG, LNG sucks,
This isn't good timing
'Cause the planet is dying
Expensive, and ugly
Does anyone care?
Natural gasses in the air!

What a bad time
for a pipeline
To go in the Saguenay,
Gas all around
keep it in the ground
There's got to be a different way

Rise up people and stomp your feet
There is no time to waste
Wind and solar electricity,
Thats the future we need...
