

- Study area
- Project infrastructure**
 - Wind turbine – Proposed location
 - Wind turbine -Alternate location
- Shadow flicker (hours/year)**

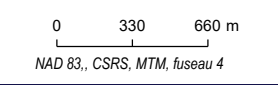

Note: Overestimation as the simulation includes no attenuation related to cloud cover

 - 30 to 99
 - 100 and over
- Other elements**
 - Building
 - Dune-du-Nord Wind Farm
 - Port
 - Seleine Mines – Main facilities
 - Seleine Mines – Storage facilities
 - National road
 - Pathway
 - Power line
- Hydrography**
 - Permanent watercourse
 - Intermittent watercourse
 - Waterbody

Grosse-Île Wind Farm Project
